

The 2024-2025 Hardin County Republican Committee Strategic Plan

Preamble

We the people of the Republican Party of Hardin County support the Constitution of the United States and its goals of establishing justice, providing for common defense, and securing our liberty through a limited federal government leaving those powers not delegated to the federal government to the states and/or to the people. To that end, we seek to establish and maintain a state government in Kentucky that creates an environment where everyone has the opportunity to succeed in their own endeavors, and which protects the rights of its citizens. The nation saw a resurgence of national pride, respect for the rights of the individual, and a government more inclined to follow the U.S. Constitution under President Trump. Under the Biden Administration, all our personal liberties are under attack, spending is out of control, and the centralization of power in Washington D.C. is ever increasing. We the people must work to make profound change in the way government performs its duties to the people to include management of the economy, providing for defense, dispensing of justice, and protecting the civil liberties of its citizens. With strong, conservative, Republican leadership unafraid to stand up to those who would fundamentally change our republic and cede authority to global institutions, we can make Kentucky a leader among the states by demonstrating what government of the people, by the people and for the people really means. It is time to Make America Great Again!

Mission Statement

The mission of the Hardin County Republican Committee is to restore liberty with an army of constitutional conservative, grassroots, America First, patriotic Kentuckians. We will recruit volunteers and fill all open GOP precinct committee seats with those citizens leaders who adhere to our above stated values. We will help elect fiscally and socially conservative, America First leaders to Federal, State, and Local offices who are dedicated to the principles of the U.S. Constitution.
